

[illegible]

Work for this map was funded in part by the U.S. Geological Survey National Cooperative Geologic Mapping Program under STATEMAP award numbers G16AC00194, 2016, and 01HQAG0039, 2001, and by the Bureau of Economic Geology STARR program. The study also benefited from work in nearby areas funded in part by the U.S. Geological Survey National Cooperative Geologic Mapping Program under STATEMAP award number G15AC00250. Editing was by Stephanie D. Jones. Computer graphics work done to construct this map was by Francine Mastrangelo. Views and conclusions contained in this map should not be interpreted as necessarily representing the official policies, either expressed or implied, of the U.S. Government. The author disclaims any responsibility or liability for interpretations from this map.
