

EXPLANATION

MANMADE FEATURES

- Urban and residential area, Kingsville and minor villages
- Industrial area, located near Kingsville, includes isolated industrial developments
- Made land, filled, graded, composed of barrier island sand
- Subaerial spoil, includes spoil heaps or mounds and reworked spoil, small wash areas common
- Subaqueous spoil, in part reworked by waves and currents
- Jetty or pier, individual structure or area of numerous structures
- Pipeline, major lines only, incomplete
- Offshore petroleum production platform, bay or Gulf
- Airfield, paved, graded, or sod
- Solid waste disposal site, sanitary and open sites

WATER SYSTEMS

- Open ocean
- Lagoon, bay or estuary, variable salinity depending upon rainfall and runoff
- Transportation canal and channel, including intracoastal system and other ship channels
- Wind-tidal flats, intermittently flooded by bay and lagoonal waters
- Stream, natural drainage, ephemeral
- Lake or pond, natural with minimum modification, perennial
- Lake or pond, playa, natural with minimum modification, ephemeral
- Artificial reservoir, flood control, municipal water supply, industrial purposes or recreation
