

EXPLANATION

RAINFALL, STREAM DISCHARGE
AND SURFACE SALINITY

- 4.3 Calculated average surface salinity in Laguna Madre, 1965-1967
- 10 Extreme low surface salinity in Laguna Madre (periods of relatively high rainfall and runoff), 1965-1967
- 56 Extreme high surface salinity in Laguna Madre (periods of relatively low rainfall and runoff), 1965-1967
- 50 Calculated average surface salinity in Baffin Bay, September 1951 to March 1953
- 20 Low surface salinity in Baffin Bay, September 1951 to March 1953
- 70 High surface salinity in Baffin Bay, September 1951 to March 1953
- 1 Salinity measurement station in Laguna Madre supplying monthly data for graph
- 2 Salinity measurement station in Laguna Madre supplying additional data for contouring, 1965-1967
- 3 Salinity measurement station in Baffin Bay supplying data for contouring, 1951-1953
- 4 Rainfall recording station supplying monthly data for graph
- 5 Discharge measurement station supplying monthly rainfall for graph
