

Base adapted from U. S. Geological Survey topographic maps. Cartography by R. L. Dillon, P. D. Erickson, S. E. Taylor, and D. M. Ridner

SCALE 1:125,000

Mapping and compilation by L. E. Garner

**EXPLANATION**

## LAND USE

- |   |   |
|---|---|
|    | Residential-urban; residential development, may include minor commercial and industrial areas   |
|    | Commercial-urban; commercial development, includes municipal works, may include minor industrial and residential areas  |
|    | Industrial-urban; heavy industrial areas, rail yards, warehouses, and plants, may include minor commercial and residential areas  |
|    | Undifferentiated-urban; composed primarily of small towns and villages, includes commercial and residential areas and municipal works, may include minor industrial areas           |
|    | Residential-suburban; unincorporated residential and commercial areas, includes lake developments   |
|    | Government land; federal, state, and local property, excluding recreational and educational, includes military bases, airports, state offices, state hospitals, and special schools |
|    | Public schools; elementary, junior high, and high schools   |
|    | Colleges and universities   |
|    | Recreational areas; parks, athletic fields, golf courses, and playgrounds   |
|    | Pit or quarry; excavations for sand and gravel, crushed stone, lime, and building stone, includes both active and abandoned areas   |
|    | Solid-waste disposal site; includes both active and abandoned sites   |
|    | Sewage disposal site; liquid effluent, commonly treatment plant site  |
|  | Airfield; private, with paved runway  |
|  | Cropland; cultivated land, orchards, contains significant acreage presently out of cultivation  |
|  | Cemeteries  |
|  | Electrical power plant  |
|  | Electrical substation   |
|  | Electrical transmission lines; major lines only, incomplete   |
|  | Pipelines; major lines only, incomplete   |
|  | Railroads   |
|  | Artificial reservoir; flood control, municipal water supply, power plant, or recreation   |

## NATURAL VEGETATION ASSEMBLAGES

- |   |   |
|---|---|
|  | Juniper-oak; juniper (mountain cedar) with spanish oak and live oak, juniper locally absent in cleared areas                                  |
|  | Oak-savannah; grasslands with scattered thickets of mountain live oak and scrub oak; contains post oak and blackjack oak in southern area     |
|  | Live oak-grassland; grasslands with locally abundant live oaks and junipers   |
|  | Grassland-mesquite, grassland prairie with scattered mesquites, most of this area is now under cultivation                                    |
|  | Elm-oak-mesquite; elm and oak with minor mesquite and heavy scrub undergrowth   |
|  | Post oak-blackjack; post oak and blackjack oak with heavy scrub undergrowth   |
|  | Bottomland; cottonwood, sycamore, willow, pecan, ash, hackberry, and bois d'arc trees and grasses, present along many small streams not shown |
